Bob Kraft, MD. Salina Family Healthcare Center

Dental students excited about integrated care should strongly consider Community Health Centers for practice. They are on the front lines of integrated medical, dental, vision, behavioral health, and pharmacy care.

Oral Health and Social Connection

Dr. Ricks talked a bit about how there is a connection between oral health and social connection. Our table has been talking about this important U.S. Surgeon General Report.

Sedation and Medicaid

We are looking for an office that offers sedation for adults and accepts Medicaid in the Kansas City KS area.

♡ 0 🗨 1

Oral Health Kansas 11/27/23 10:32PM

There are some resources for sedation dental care on Oral Health Kansas' "Finding a Dentist" webpage (<https://www.oralhealthkansas.org/FindingDentist.html>). The Lived Experience Advisory Group will be publishing an FAQ with additional information.

↔ **ORAL HEALTH KANSAS** 10/27/23 4:02PM

Why are there not more adult dentist with hospital privileges? When you have and adult child with disabilities, and can only do hospital, this is very difficult. Thankful for Dr. Nick but drive over an hour away.

♡ 0 🗨 1

Oral Health Kansas 11/27/23 10:30PM

It is far too difficult to find dentists who can provide sedation care for adults in hospitals. The Sedation Dental Care Task force is exploring this issue, and the Lived Experience Advisory Group is preparing an FAQ that will address this and other sedation questions.
