

Advancing and Accelerating Oral Health

Dear providers,

We would like to hear from you about your experience helping mothers and children access the oral health services and supports they need. Feedback from you will help guide the improvement of the support system in Missouri to provide high-quality and equitable care to mothers and children in similar situations.

What will I do?

- A one-hour online focus group
- Fill out a form to sign up (takes 5 min)

Who can join?

- Providers (eg., dentist, doula, home visitor, etc.) who work in the Kansas City metro area and have direct contact with mothers and babies.

Interested in participating?
