HAPPY NEW YEAR!

We want to make a New Year's resolution for 2024. Our goal is to continue to work towards a healthier Kansas! Oral Health Kansas will:

1. Advocate for funding to increase the dental benefits offered to adults through KanCare.
2. Provide education and workshops to underserved populations.

3. Help providers understand how and why to offer adult dental services.
4. Continue to develop educational resources that can help people understand how their oral health is a part of their overall health.

It's not too late for a year-end charitable contribution. Please **[click here](#)** to donate and support our work in 2024. While we have made many strides, our work is not done, and we need your help!

We wish you a HEALTHY and Happy New Year!
